

LESSON PLAN

Subject :Maths Pre-Primary

Grade :KG (Step C)

Duration :60 Mintues

Name of the Teacher: _____

Date: _____

Week: 3 (1st Term)

Day: 7

Topic:Numbers (0-9) 1-Digit numbers (In numerals and words)

Learning Outcomes:

- Students will recognize and write 1-digit numbers (0-9) in both numerals and words.
- Students will match the numeral with its corresponding word.

Learning Materials:

- Flashcards with numerals and words (0-9).
- Worksheets for writing practice.
- Markers/pens for writing.

WALT(We Are Learning To) :

- We are learning to recognize and write 1-digit numbers in numerals and words.

WILF(What I,am Looking For) :

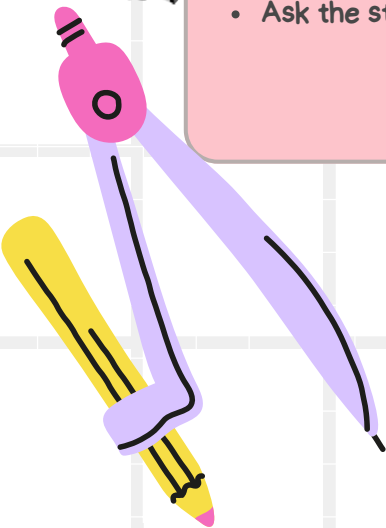

- Students will be able to correctly identify and write numbers 0-9 in both numerals and words.

Brainstroming (5 Mintues):

- Show flashcards with numbers 0-9 and ask students to identify them.
- Discuss what each number represents and how it is used in daily life (e.g., 1 apple, 2 bananas, etc.).

Introduction (10 Mintues):

- Begin by introducing the numerals 0-9 and their word forms.
- Show students a set of flashcards with numbers (0-9) and the corresponding words (Zero, One, Two, etc.).
- Ask the students to repeat after you to practice pronunciation.

Main Activities(15 Mintues):

Activity 1: Matching Numerals and Words

- Use a set of cards with numerals (0-9) and words (Zero, One, Two, etc.).
- Have students match the numeral to the correct word.
- Guide them to say the number and its word aloud.

Activity 2: Writing Practice

- Provide worksheets with number words written out (Zero, One, Two, etc.).
- Students will trace the words and then write them independently.

Group Activities(20 Mintues):

- Divide the class into small groups.
- Give each group a set of numeral cards (0-9) and a list of words (Zero, One, Two, etc.).
- Ask each group to match the correct numeral with the word in a fun competition.

Formative Assessment(5 Mintues):

- Observe students as they participate in the activities.
- Ask them to say the numeral and the word aloud to ensure correct identification and pronunciation.

Wrap Up(5 Mintues):

- Review the numerals and words once more by holding up a flashcard and asking the students to call out the number and its word form.
- Reinforce the learning by asking individual students to share a number and its word with the class.

Home Work:

- Assign students to complete a worksheet where they match the numerals (0-9) with the correct word forms.

Lesson Evaluation:

Strengths: _____

Areas for improvement: _____
